Attorney Docket No. JUDD01-00002  
For: VIRTUAL ANTENNA TECHNOLOGY  
(VAT) AND APPLICATIONS

**OFFICE OF PETITIONS**  
: **DECISION ACCORDING**  
: **STATUS UNDER**  
: **37 CFR 1.47(b)**

This is in response to the reconsideration petition under 37 CFR 1.47(b), filed March 28, 2005 (certificate of mailing date October 21, 2004).

The petition is granted.

Petitioner has shown that the non-signing inventor, Mano Dorey Judd, has constructively refused to join in the filing of the above-identified application after having been presented with the application papers. Specifically, the petition signed by Attorney Daniel E. Venglarik establishes that the inventor was mailed the application papers, including the specification, claims and drawings, but failed to respond to the request that he sign the declaration. In addition, petitioner has shown that Davis Munck, A Professional Corporation (Davis Munck) has a proprietary interest in the above-identified application with the copy of the agreement showing that the inventor had granted a security interest in the invention to Davis Munick. Mr. Venglarik states that Davis Munck has executed on that security interest and is now 100% owner of the invention. Lastly, petitioner has submitted a declaration in compliance with 37 CFR 1.63 and 1.64 and petitioner has shown that such action is necessary to prevent irreparable damage.

This application and papers have been reviewed and found in compliance with 37 CFR 1.47(b). This application is hereby accorded Rule 1.47(b) status.

As provided in Rule 1.47(c), this Office will forward notice of this application's filing to the non-signing inventor at the address given in the petition. Notice of the filing of this application will also be published in the Official Gazette.

After this decision is mailed, the above-identified application will be forwarded to Technology Center 2821 for examination in due course.

Telephone inquiries should be directed to the undersigned at (517) 272-3230.
